

Dear Colleagues,

Our Metro values and behaviours are very important – they are much more than words on a poster.

Every Metro employee needs to live by our values and behaviours every day before they speak, write or post – whether anonymously or not – in all of their daily interactions including on Slido and Facebook.

In this video I talk about some disappointing behaviour that I observed on Friday. Please watch it.

There is no doubt that we are in difficult times, but we're One Team, and we're in this together.

Sincerely,

Raymond
