

Metro Academy Bulletin

Number: MA-BUL-2021-01

Issued: 23 July 2021

Purpose

The objective of the bulletin is to inform and confirm the Metro Trains Melbourne (MTM) approved safeworking training providers to enable rail safety workers to work on MTM Metropolitan Rail Network.

Background

Section 117 of the Rail Safety National Law (RSNL) requires rail transport operators to ensure that each rail safety worker who is carry out rail safety work in relation to railway operations in respect of which the operator is required to be accredited has the competence to carry out the work.

This means all workers including direct employees of MTM as well as contractors and third party suppliers that enter the MTM Metropolitan Rail Network must have completed the safety training and achieved the required competencies.

Initial certification

It is MTM's responsibility that all people entering the MTM Metropolitan Rail Network are trained to meet MTM's safety requirements. Therefore, only selected organisations are recognised to deliver the training to enable rail safety workers to work on the MTM Metropolitan Rail Network.

Effective 26 July 2021, MTM recognises the following organisations to deliver selected training courses listed below.

Training Course	Metro Academy	Australian Testing Service	Training Ahead Australia
Train Track Safety Awareness (TTSA) TLIF0020 Safely access the rail corridor MSEI001 Metro Safety and Environment Induction	✓	✓	✓
Track Vehicle Operator (TVO1) TLIC2054 Access the rail track to run track vehicle within defined worksite; and, TLIC3045 Operate road/rail vehicle	✓	✓	✓
Lookout TLIF2081 Perform lookout duties	✓		

Metro Academy Bulletin

Number: MA-BUL-2021-01

Issued: 23 July 2021

Handsignaller TLIF2082 Perform handsignaller duties	✓

Issued: 23 July 2021

Recertification (renewal) training

As an accredited Rail Transport Operator (ARTO), MTM must ensure the ongoing competence of rail safety workers. This is achieved through the delivery of recertification training.

All recertification (renewal) training must be undertaken through Metro Academy.

Training Course	Metro Academy
TTSA online renewal	✓
TTSA face to face renewal	✓
Lookout face to face renewal	✓
Handsignaller face to face renewal	✓
TFPC 3.1 face to face renewal	✓
TFPC 3.2 face to face renewal	✓
TFPC 3.3 face to face renewal	✓
TVO1 face to face renewal	✓
