Subject: Message from Rob: Victoria's roadmap to reopening

Metro continues to encourage everyone to get vaccinated if you are able to do so. Vaccination rates are now linked directly to the further easing of restrictions in Victoria. Visit coronavirus.vic.gov.au to book an appointment or learn more.

Dear Colleagues,

Premier Daniel Andrews has just announced the roadmap to reopening in Victoria.

Under the plan, restrictions will be eased in line with vaccination targets and will be subject to health system capacity.

For more information, please see the Premier's statement and summary table [attached](#) to this message.

As we look forward to life after lockdowns, there are **things you can do today** to bring us closer to the people and activities we all miss and a lasting recovery for our city:

- [Get vaccinated](#) if you are able but yet to do so.
- Continue to follow the strong COVIDSafe measures in place across all Metro workplaces and the [latest public health updates](#).
- [Reach out](#) if you or your family need additional support.

Stay safe and be well.

Rob

Executive Director Safety and People
