

# Get on board with Metro Trains!

Metro's Rail Safety Education Sessions aim to improve passenger confidence, mobility and ensure all members of the community are safely using our rail network.

Sessions can be tailored to meet the needs of your cohort and are supportive to learners with varying learning needs, culturally and linguistically diverse and senior groups, through a variety of visual, audio and text stimulated content.

Our sessions are run by experienced, friendly and engaging presenters, with sessions typically running for 1 hour, delivered in-person or via webinar.

## What do the sessions cover?

- ✓ Platform and train safety
- ✓ Safe use of rail crossings
- ✓ Journey planning
- ✓ Accessible trains and platforms
- ✓ Who can I contact for help?

We have been delivering rail safety sessions in the community for over 14 years!

### Testimonials

“A really positive session that let students participate and feel positive about the knowledge they shared with one another”

“As all of our students have learning barriers they all felt at ease with the Educator and showed active participation in the session”
